

Cal/EPA Environmental Enforcement and Training Grant Program (Penal Code sections 14300)

2011 Grant Application

Background:

The Environmental Enforcement and Training Grant Program is found in Penal Code sections 14300, et seq., and Title 27 of the California Code of Regulations at sections 10010-10018. The purpose of these grants is to provide financial assistance for environmental enforcement and related training programs to enhance statewide enforcement of environmental laws. The secretary may award grants to public and private nonprofit organizations for:

- 1) Training public prosecutors, peace officers, firefighters, and state or local environmental regulators in the investigation and enforcement of environmental laws; and/or
- 2) Local environmental regulators for the enforcement of environmental laws.

The actual amount of grant funding available is dependent on the amount of money deposited into the Enforcement and Training Account from settlements and other donations.

Application Deadline:

Applications must be postmarked or hand delivered by no later than 5:00 p.m. on September 30, 2011.

Where to Submit Applications:

Cal/EPA Office of the Secretary
Environmental Enforcement and Training Grants Program
Attn: Jami Ferguson
1001 I Street
Sacramento, California 95814

Eligibility:

- Individuals are not eligible to receive grants.
- Private nonprofit organizations or public entities may submit a grant application.
- Applicants that have previously received grant funds may be eligible for future grant awards.
- Organizations that have not received previous grants under the Environmental Enforcement and Training Grant program may receive preference over organizations currently or previously receiving grant awards.
- Local environmental regulators may request local assistance grants to assist in the enforcement of environmental laws, based upon a showing of substantial need and a lack of other available funding sources.
- Applications that propose projects that are inconsistent with Cal/EPA's statutory authority are ineligible for funding.

Grant Criteria:

The Secretary will award grants based upon the following criteria:

- The Secretary will consider only one application per applicant for a given project. Applicants may submit more than one application if the applications are for separate and distinct projects or activities.
- Applications will be evaluated based on the merit of the proposed project in comparison to other applications. Past performance may be considered during the evaluation process for those applicants who have received previous grants.
- California Law requires Cal/EPA to conduct its programs in a manner that ensures the fair treatment of people of all races, cultures, and income levels including minority populations and low-income populations in the State. Receipt of grant funds is conditioned on the incorporation of environmental justice objectives as they relate to environmental enforcement into any proposed training courses. Training courses should include, as appropriate, one or more of the following components:
 - (1) Developing an understanding of environmental justice laws and principles.
 - (2) Developing targeted enforcement projects or plans benefiting communities most burdened by pollution sources or impacts.
 - (3) Ensuring public participation and information sharing whenever possible.
- Applicants may receive grants to develop a new activity or substantially improve the quality of existing programs upon a showing that the project will have a direct impact on environmental enforcement and/or training activities.
- The Secretary will review and consider the responsiveness of the work plan to Cal/EPA's environmental enforcement and training objectives, the overall effectiveness of the project design, the clarity of the measures of success and the qualifications of project staff. Information concerning the enforcement and training program at Cal/EPA can be found at: <http://www.calepa.ca.gov/Enforcement/>

Restrictions on Grants:

- (1) Grant funds can only be used for the purposes set forth in an approved narrative/work plan, and must be consistent with the statutory authority for the award.
- (2) Grant funds cannot be used for lobbying, or intervention in state or federal regulatory proceedings.
- (3) Grant funds cannot be used for matching state or federal funding.
- (4) State law requires all grantees to certify and assure that they will comply with all applicable state laws, regulations, and requirements before receiving funds.

Reporting Requirements for Grant Recipients:

Grant funded projects should be completed within the time frames set out in the work plan. The recipient organization is responsible for the successful completion of the project and submission of required reports.

- (1) All recipients must submit quarterly and final reports to the Secretary within 30 days of the end of the quarter or end of the project for final reports. Failure to submit reports may result in termination of the grant.
- (2) Unused grant funds remaining at the end of the fiscal year may be returned or, if approved by Cal/EPA, extended for use in the following fiscal year.
- (3) Cal/EPA may require an audit or financial accounting from a grant recipient at any time.

Selection of Grant Recipients:

Applications will be screened to ensure that they meet all requirements described in the statutes and regulations governing the program.

- After all applications are received, acknowledgements of receipt will be sent to all applicants.
- Factors in the selection process may include geographic and socioeconomic balance; diverse nature of the projects, cost, and projects whose benefits can be sustained after the grant is completed.
- Once applications have been recommended for funding, additional information may be necessary to complete the award process, such as tax identification numbers. Approved applicants may be required to complete additional government forms prior to receiving grant funds.
- All applicants are informed as to the decision on their application.

Decisions of the Secretary concerning grants are final and not subject to appeal.
